## Strikes May Force 300 Factories To Suspend Work

### Detroit Plants Get Hard Hit By Walkouts

### Unemployment Growing More Serious in Some Parts of Nation

(By The Associated Press)

DETROIT, June 25. (AP)—CIO  
unionists embroiled with the  
AFL over reconversion work  
today accepted conditionally  
a peace proposal and had  
halted immediate danger of a  
widespread walkout.

(By The Associated Press)

With 78,620 workers idle over  
the weekend in labor disputes, an AFL-  
CIO jurisdictional dispute in De-  
troit threatened to extend last night  
(Monday) to another 9,000 persons.  
If three hundred factories might be  
asked to close within a few days  
worse extension of the work stoppage  
embraced a total of 30,000 CIO  
and AFL workers, employed in  
winning machinery and plants in  
the region.

Many Idle in Detroit

Most 30,000 Detroit workers  
been idle in the controversy  
whether AFL or CIO skilled  
workers should be employed in re-  
conversion work at automotive  
plants. Included in this number  
are 22,000 at the Packard Motor  
Company, 7,500 at the Budd  
Company and 145 at Chrysler  
Corporation.

Other thousands were away from  
the city in several Detroit strikes  
at Ford Motor Company's  
Rouge plant; 1,500 at Stinson  
Aircraft Corporation; 700 at five lu-  
men companies, and 100 at Hudson  
Motor Car Company.

In Chicago, where a truck strike  
has been in progress since June 16,  
ODT manager of 1,700 seized  
trucks announced the dispute might  
be ended "any hour." Ellis T.  
Schnepker, the manager, said  
shipment of goods was close to the  
strike normal.

Army Drives Trucks

Officials of the AFL International  
brotherhood of Teamsters, with a  
membership of 8,000 drivers, report-  
ed that all their men were back  
to work yesterday (Monday) morn-  
ing. The union drivers, however, re-  
mained independent Chicago Truck  
all. Union members continuing  
to remain off the job. The Inde-  
pendent has about 6,500 members.

The truck strike was a protest  
against a War Labor Board wage  
award below what the unions de-  
manded. The drivers, earning \$42  
per week for fifty-one hours, asked  
an increase of \$5 a week for forty-  
eight hours but were awarded \$4.08  
thirty-one hours.

Akron, O., CIO United Rubber

workers voted for the third time in  
a row to continue their strike at  
Goodyear Tire & Rubber com-  
pany. Eighteen thousand workers  
of the union and the union contended  
the strike was provoked by the com-  
pany's failure to adhere to WLB di-  
rectives for adjustment of griev-  
ances.

### Users of Frozen Food Lockers Facing Inquiry

BALTIMORE, June 25 (AP)—

Fifty patrons of a meat storage  
plant in Elliott City, Md., are ex-  
pected to appear at an Office of  
Price Administration hearing to-  
morrow and Wednesday to explain  
how they obtained the meat they  
had stored in the plant, Allan H.  
Murrell, OPA state enforcement at-  
torney, said today.

An investigation of the Howard  
county plant last week by the OPA  
disclosed 50,000 pounds of meat was  
stored there by approximately 200  
individuals.

Murrell said before the investi-  
gation was completed, he expected  
to subpoena practically all of the  
lockers of the Elliott City firm.

Will Probe Other Plants

The storage plant is the first of  
approximately twenty-five such es-  
tablishments to be investigated by  
the OPA.

In addition to discovering how  
the locker users obtained the meat,  
the OPA wants to know who slaugh-  
tered it and where the customers  
got the ration points for the stored  
foods.

600 in Salisbury  
May Be Prosecuted

SALISBURY, Md., June 25 (AP)—

Approximately 600 users of frozen  
food lockers here may face OPA  
subpoenas to explain how they pro-  
cured the meat which they stored  
with the Wicomico frozen foods  
company.

No announcement from the state  
OPA in regard to that specific meat  
locker has been made, but the  
agency is conducting a state-wide  
drive to investigate meat storage  
houses and their customers. Fifty  
locker holders of a similar concern,  
operating in Elliott City, have al-  
ready been subpoenaed.

Question of Points

The purpose of the OPA action is  
to discover how the locker users ob-  
tain their meat, who slaughtered it,  
and where the customers got the ra-  
tion points for the stored foods,  
the agency said.

Wilton Shockley, manager of the  
Wicomico firm, said there were about  
510 locker holders and 110 others  
storing their foods in the plant's  
cold room.

"We simply rent the lockers and  
what the customers put in them is  
their own business," Shockley de-  
clared.

However, OPA enforcement attor-  
ney Alan H. Murrell, in announcing  
the state-wide investigation, said at  
least some of the meat stored in  
Maryland's nearly twenty-five cold  
storage houses should be on the  
open market.

any definite knowledge of Russian  
intentions as to Japan. The "mere  
possibility" of war with Russia, he  
said, "acts to pin down in Northern  
Manchuria" Japanese troops which  
might otherwise be used against  
Chinese or Allied troops elsewhere  
in Asia.

As a diversion move, therefore,  
continued lend-lease shipments to  
Russia obviously serve to enhance  
Japanese uncertainty over what to  
expect in the north.

Testimony such as that given by  
Crowley and Marshall necessarily  
passed under careful government  
scrutiny before it was released for  
publication.

Up to now the policy of the Wash-  
ington high command has been to  
keep a tight lid on what Russia might  
or might not do in the Pacific.  
Have they decided now to add to  
Japan's jitters by making a few  
official references to the subject?

### Chinese Troops Resume Attempt To Take Kweilin

CHUNGKING, June 25 (AP)—

Chinese troops have clashed with  
strong Japanese forces fifteen miles  
northwest of Kweilin in a renewed  
drive to recapture that Kwangsi  
province capital, once the biggest  
American air base in South-Central  
China, the Chinese command said  
today.

The new outbreak of fighting be-  
fore Kweilin—where until seven  
months ago the United States  
Fourteenth Air Force had three air-  
fields—occurred in 3,000-foot hills  
six miles north of the highway center  
of Ining, twelve miles northwest of  
Kweilin, it said.

100 Jap Casualties

More than 100 Japanese were killed  
or wounded in the clash, which  
carried the Chinese within eleven  
miles of the escape railroad to  
Hengyang for Japanese garrisons in  
both Kweilin and embattled Liu-  
chow, a commune disclosed.

Strong Japanese rearguards were  
reported fighting stubbornly for  
Liuchow, ninety miles southwest of  
Kweilin.

Low-flying P-51 Mustang fighter  
bombers of the United States Four-  
teenth Air Force swept over the en-  
tire Liuchow area ahead of the  
Chinese, strafing enemy troops and  
blasting the bomb-pocked Liuchow  
airfield which the Japanese have  
been unable to use.

Japs Leaving Kiangsi

A Chinese front dispatch mean-  
while reported a steady withdrawal  
of Japanese forces which recently  
invaded Southwestern Kiangsi  
province, northwest of Hong Kong,  
from coastal Kwangtung in a move  
to smash the Chinese potential for  
a counter-offensive against Canton.

The report said that the Japanese  
were moving back toward their  
bases in Kwangtung and that the  
Chinese were on the verge of re-  
occupying Lunghua, 135 miles  
northeast of Canton.

Vienna Eagerly  
Awaits Arrival  
Of Americans

By A. I. GOLDBERG

VIENNA, June 25 (Delayed AP)—  
VIENNA, rubbed and hungry but  
once again a city of music, eagerly  
anticipates an American and British  
entry into the city to assume joint  
occupation with the Russians.

The Viennese are awaiting the  
prospect with outstretched joy. To-  
night it was the chief topic of  
conversation in the foyers of the  
Austrian capital's theaters, open  
again in all their splendor.

Hundreds of Viennese, spotting  
American flags on this correspond-  
ent's jeep, rushed up to ask:  
"When are you coming?" Some quar-  
ters expect Anglo-American occu-  
pation forces to move in within a  
few days.

May Arrive Soon

(In Rome, it was learned Ameri-  
can and British occupation troops  
may assume zones in Vienna and  
Austria within three weeks.)

Radio announcements that Anglo-  
American forces will take part in  
Vienna's occupation, under total  
Russian control since April 10, have  
spread like wildfire and the people  
hug close to their radios, listening  
for further word from American and  
British stations.

The city now operates under a  
provisional government approved by  
Russian occupation forces, with  
Social, Democrat and Communist  
party leaders sharing cabinet posts  
under Chancellor Dr. Karl Renner.

The Viennese are firm in state-  
ments that they hate the Nazis.

### Brutal Beating Given Soldier, Rep. Gavin Says

### Pennsylvanian Smashed in Jaw with M. P. Club, He Asserts

WASHINGTON, June 25 (AP)—

Rep. Gavin (R-Pa.) said tonight he  
believes military prosecution may  
result from what he called a brutal  
beating given a cadet in a Lincoln,  
Neb., army air base guardhouse.

"It is now up to the War Depart-  
ment," he told a reporter. Earlier  
he described in the House details  
given to him by the unnamed Penn-  
sylvania air cadet.

Gavin told the House that the  
boy was struck so hard by an M.P.'s  
stick the fillings were knocked from  
his teeth. He said the cadet had  
contusion of the jaw, necessitating  
sixteen days hospitalization.

Witnesses from Overseas

H. Ralph Burton, counsel for the  
House Military Affairs committee,  
informed a report of a subcommittee  
held several closed hearings on the  
case, bringing in witnesses from  
overseas as well as from camps in  
this country.

Secretary of War Stimson has  
been given full details of the inci-  
dent, which occurred in April, 1944,  
Gavin said, adding that the War  
Department has assured him that  
"proper disciplinary action" will be  
taken.

Gavin gave these details to the  
House.

The cadet was standing at at-  
tention in the morning formation dur-  
ing sub-zero weather with his hands  
in his pockets. He was wearing  
gloves. His corporal called his at-  
tention to the infraction of regula-  
tions.

Sent to Guardhouse

Several days later the incident  
was repeated and he was court mar-  
shaled and sentenced to three months  
in the guardhouse.

He was reported for not working  
fast enough and for talking to a  
guard. Again he was court mar-  
shaled and sentenced to twenty-four hours  
on the rock pile, to break rocks with  
a short-handled sledge at a cadence  
of 120 blows per minute.

"After four or five minutes the  
guard told him to work faster xxx,"  
Gavin said. "And he could not work  
any faster. As I recall his story,"  
Gavin added, the corporal dismissed  
the guard and commanded the boy  
to stand at attention with the  
sledge at his side, which he did.

Reported Badly Beaten

"He was then smashed across the  
jaw with an M.P.'s club, which  
raised a welt on the left side of his  
face as big as a fist, which knocked  
the fillings out of his teeth, was  
knocked down and upon arising he  
was knocked down and smashed  
into unconsciousness and beaten  
around the shoulders, arms and legs.

"He was then dragged off to the  
guard house and placed in solitary  
confinement, which was a room with  
a concrete floor, his clothes taken  
from him.

"He bled profusely through the  
mouth and the nose and by the  
boy's statement it might be inter-  
esting to know that he testified a  
captain and a lieutenant stood by  
and observed this performance."

Gavin said the soldier who wielded  
the M.P.'s stick is now a private,  
but he believes he was a corporal  
at the time.

At Lincoln, Col. Herbert W. An-  
derson, commanding officer of the  
air field, said in a statement that  
an exhaustive investigation has been  
made during the past month as to  
any past irregularities in the treat-  
ment of prisoners at the field, and  
that as a result, punitive action was  
instituted in the cases of several  
persons attached to the guard.

Since irregularities were discov-  
ered in 1944, "strict supervision of  
the treatment of soldiers at the  
Lincoln air field has been con-  
stantly exercised," he said.

Flies Invade London

LONDON, June 25 (AP)—Swarms  
of green flies invaded London to-  
day in such numbers that motorists  
and cyclists frequently were com-  
pelled to stop to clear them from  
their eyes.

PARIS, June 25 (AP)—Information  
Minister Jacques Soustelle declared  
today that, apart from censorship  
based only on military security,  
France is going to have a com-  
pletely free press.

"Buy War Bonds To Defeat the Japs"  
Is the Advice of Vice Adm. Fitch

WASHINGTON, June 25 (AP)—A war  
bond statement from Vice Adm. A. W.  
Fitch, United States Navy, deputy chief  
of naval operations (abr):

"In the Pacific we are fighting a  
grim, purposeful and fanatical enemy.  
We can outfight the Jap; we can out-  
build him; we can and we must equal  
his resolution. Buy war bonds—that's  
the job of every American."

### PROOF THAT JAPS MURDERED THEIR WOUNDED

RUTHLESS SLAUGHTER by the Japs of their own wounded, reported recently in news dispatches, is defi-  
nitely proved in this photograph made when troops of the United States Thirty-seventh Division entered  
Bayombang, Luzon. Documents and photographs taken in a Luzon hospital gave evidence that wounded  
Japs had either been forced by their own officers to commit suicide or face murder.

### B.Y.O.L. Town Hard Hit:

### Many Restaurants in Mattoon, Ill., Closed because of a Lack of Food

MATTOON, Ill., June 26 (AP)—This  
city of 15,000 today became a  
B.Y.O.L. town—bring your own  
lunch—for visitors as most restau-  
rants closed, claiming they were  
foodless, pointless and helpless.

An engineer said husky steel  
workers engaged in war plant con-  
struction "can't do that kind of  
work on a lettuce sandwich and a  
coke; they need meat and pota-  
toes, even for breakfast."

Groups like the Rotary, Kiwanis  
and Young Businessmen's Club con-  
sidered foregoing their weekly  
meetings to divert food to war work-  
ers.

Mayor George W. Smith, appeal-  
ing to restaurants to reopen, invited  
them to talk the situation over  
at a city council meeting.

Ten of Mattoon's twelve eating  
places were closed, city officials  
said the other two were expected  
to close, and many smaller lunch-  
rooms had shut down until July  
1. Owners claimed meat and po-  
tato shortages, lack of red points  
and lack of help forced them to  
suspend operation.

Three new plants are under con-  
struction, chiefly by imported labor  
living in hotels and depending upon  
restaurants for food. In addition,  
the community is a terminal point  
for the New York Central and Illi-  
nois Central Railways, with train  
crews and mail clerks laying over  
here.

Truman Reaches  
San Francisco  
For Parley Talk

By DOUGLAS B. CORNELL

SAN FRANCISCO, June 24 (AP)—  
President Truman flew to this tem-  
porary international capital today  
to acclaim and be acclaimed by  
wounded veterans and by statesmen  
about to seal with a final vote a  
charter intended to stop wars.

For all of them, men maimed in  
the Pacific and delegation chiefs at  
the United Nations conference, the  
chief executive had a warm greet-  
ing, a smile and a friendly hand-  
clasp.

Greeted Australian

To Herbert V. Evatt, Australian  
foreign minister and outspoken  
champion of the cause of smaller  
nations at the two-month old con-  
ference Mr. Truman declared:

"You have all been working  
hard here. We are all pleased  
with the final result."

Tonight, while delegates turned  
out for a final working session to  
adopt formally the charter of a new  
world organization, the president  
looked over in the seclusion of a  
hill-top hotel an address with which  
he will conclude the conference at  
5 p. m. (PWT) tomorrow.

The signing of the charter itself  
now is expected to begin no sooner  
than 9 tomorrow morning and may  
not be completed before the final  
conference session which is to be-  
gin at 3:30 p. m.

As one highlight of an eventful  
day, the next to the last of a United  
Nations conference which assem-  
bled exactly two months ago to  
erect a beacon for peace—Senator  
Arthur Vandenberg (R-Mich) pledged  
his support for a "great advan-  
ture to stop World War III before  
it starts."

Approved by Vandenberg

A member of the American dele-  
gation and a leading Republican in  
a Senate which must ratify the  
charter before it becomes effective,  
Vandenberg said in a formal state-  
ment that the document had its in-  
firmities but it also is "a sound  
basis for seeking organized peace."

"I shall sign the San Francisco  
charter," he declared, "and I shall  
make every effort to secure its rat-  
ification with reasonable speed. It  
shall present my complete responsi-  
bility to the Senate later in the week."

Vandenberg had been expected to  
stand behind the charter he helped  
create, but he had made no formal  
commitment.

The conference ends  
when the last Yugoslavian signature  
is scrawled on the charter and Pres-  
ident Truman speaks.

### Churchill Urges Great Majority For His Party

By HELEN CAMP

LONDON, June 25 (AP)—Calling  
for a "great majority" for his con-  
servative party in the July 5 elec-  
tion, Prime Minister Winston  
Churchill swung northward today  
into the heart of England on a  
1,000 mile political campaign.

With fifty or more speeches  
scheduled on his four-day drive  
through Scotland, Churchill  
promised throngs who greeted him  
in villages, towns and cities that  
there would be firm alliances with  
the United States and Russia.

Plays with Voters

To voters in much-bombed areas,  
he pledged that they would have  
new houses in "the shortest possi-  
ble time."

He declared that it was no use  
for people to "think I can con-  
tinue to serve unless I have a great  
majority when I return to the  
House. This election is of the  
greatest importance because it  
comes at a moment when the future  
of our country is at stake. We  
can only preserve our place in  
the world by being united."

Outlining plans for postwar En-  
gland, Churchill turned his fire  
against opponents in the Labor  
party, declaring:

"But what happens if our So-  
cialist friends come down and draw  
across this enormous plan of  
progress a lot of theories about total  
socialism and far-off dreams and  
Utopianism? All that will happen  
will be disturbances x x x."

Friendly toward Russia

"Under a national government,  
we hope to have long and happy  
relations with Russia," he said.

Churchill added he hoped friend-  
ship with the United States "would  
become even stronger" until it  
might be difficult to tell an Ameri-  
can from a Britisher "unless they  
take special care to wear different  
uniforms."

His tour took him to Leaming-  
ton where his foreign secretary, An-  
thony Eden, is standing for election  
to Parliament. Churchill said he  
came to give his good friend "a  
helping hand."

At Rugby, Churchill declared the  
"main part of the job" is not yet  
done—that Japan must be defeated  
—and "as the Americans stood by  
us—those brothers of ours, from  
across the Atlantic—so we must  
stand by them."

Cheered, booed, handclapped and  
heckled, Churchill fought his way  
through crowds in the English coun-  
tryside to the blitzed city of Cov-  
entry.

Organized heckling did not faze  
him. As one man raised a clenched  
fist, Churchill commented: "He  
is reaching out for anything he  
can get," and added "he looks an-  
gry. I never get angry."

Tiso Reported Jailed

LONDON, June 25 (AP)—The  
Prague radio reported today that  
Dr. Josef Tiso, former puppet  
president of Slovakia, and his gov-  
ernment have been handed over to  
Czechoslovak authorities and jailed  
in Pilsen.

Nimitz Reports the Destruction  
Of Many Tons of Japanese Ships

By ROBBIN COONS

GUAM, Tuesday, June 2 (AP)—  
Search Liberators, Privateers and  
Mariners of fleet air wing have  
sunk 122,645 tons of Japanese ship-  
ping since beginning operations  
"over enemy waters," and damaged  
another 128,890 tons, Fleet Adm.  
Chester W. Nimitz announced to-  
day.

His communique described com-  
bined army, navy and marine aerial  
blows at the whole length of Japan's  
island empire from the Southern  
Ryukyus to the Northern Kuriles  
Sunday and Monday.

### 20,000 Japanese Unable To Escape American Forces

### Nipponese "Thoroughly Trapped" between Two Armies

By SPENCER DAVIS

MANILA, Tuesday, June 26 (AP)—  
A gain up to six miles northward by  
the United States Thirty-seventh  
infantry division and a thrust  
southward by the Eleventh airborne  
division troops and guerrillas tight-  
ened a vise on an estimated 20,000  
Japanese now "thoroughly trapped"  
in the Cagayan valley of North Luzon,  
Gen. Douglas MacArthur an-  
nounced today.

Extent of the advance by the  
southbound forces, which landed  
Saturday near the north coast port  
of Aparri, was not disclosed, but  
they had made eleven miles in the  
first few hours after their unopposed  
descent by parachute and glider.

Forces Fifty Miles Apart

The two forces were approxi-  
mately fifty miles apart at last re-  
ports.

Between them, and now only four  
miles north of the hastening Thirti-  
seventh division, were American  
guerrilla forces in the Cagayan  
province capital of Tuguegarao.

These guerrillas seized the town last  
week and since have fought off con-  
stant counterattacks.

Status of Tuguegarao was in doubt  
today as the Japanese continued  
their blistering counterattacks, but  
the enemy had little to gain in re-  
capture of the fire-blackened ruins  
of the town as Maj. Gen. Robert S.  
Beighler's Thirty-se

## Elsie Norman Becomes Bride of K. D. Twigg

### Ceremony Is Performed in Central Methodist Church by Pastor

Miss Elsie Mabel Norman, LaVale, became the bride of K. D. Twigg, son of Mr. and Mrs. B. D. Twigg, 509 Baltimore avenue, yesterday. The ceremony was solemnized at 11 o'clock in the Central Methodist church by the Rev. Ralph Mark, pastor, officiating. Miss Mary Goodwin was maid of honor and the bride's only attendant and Scott Stahl served as Mr. Twigg's best man.

The bride was attired in an aqua print dress with which she wore white accessories. A corsage of gardenias completed her costume. Her maid of honor wore a gray dress with white accessories and a corsage of yellow rose buds.

A graduate of Allegheny high school, class of 1936, the bride is employed in the office of the Kelly Springfield Tire Company. The bridegroom was graduated from Allegheny in 1938 and is employed as a carpenter by his father.

## All-American Lass

KIM HUNTER... Loves to cook too.

By VIVIAN BROWN AP Newsfeatures Writer Two Englishmen, Michael Powell and Emmerich Pressburger, after a 6,500-mile talent search for "a typical American girl," selected Hollywood's Kim Hunter.

Kim, who will play the part of a WAC in the English picture, "A Matter of Life and Death," looks perhaps as typically English. Her ancestry is English and as she points out she has only been chosen "a typical" and not "the typical American girl."

Like the Nordic blondes... dark, fair skinned Irish... olive skinned Latin and medium type Slavish, all of whom represent a typical American girl in America's melting pot of nationalities, this five-foot, three-inch, 113-pound, grey eyed, brown haired girl of 22, leads the life of an average American girl.

Besides working a full day at her studio, the energetic Kim cares for her six-month-old baby whom her husband Capt. William Baldwin, of the marine corps, has never seen. Because everything has happened so quickly, Kim hasn't yet received an answer from her husband to the letters she wrote informing him that she was selected for the American girl part in the English picture but she says:

"Bill and I had an agreement before he left home that I could continue to work as long as I felt like it. I know he won't interfere with my career. But, I wish there was a possibility of his turning up in England. Of course that's pretty impossible as he has been in the South Pacific for a year."

An outdoor girl who enjoys swimming, riding and bicycling as well as displaying her culinary talents, Kim who was born Janet Cole studied dramatics while still attending high school in Miami Beach, Florida. Later, she played in Baltimore stock where she was advised by the director to try for Hollywood. She and her mother started off for Pasadena and soon she had a part in the stock production of "Arsenic and Old Lace."

As the result, she was approached by a talent scout who arranged a screen test for her and she got her first movie contract.

Before she goes to England, Kim plans to spend a day with the WAC in New York to get the feel of being in the Army.

They also told of the difficulty they have in closing the playground at 9 o'clock.

Stanley Goodrich reported that the members of the softball team, the Aces, attached an old telegraph pole to the car and dragged the playground and succeeded in getting it in good condition. The boys, he said also had raked the grounds to remove stones and glass to prevent the children from turning their ankles and having other accidents.

When the Russians entered the city, others said, the Viennese "ran into the streets and threw their arms around the Red army soldiers." The city now is one of startling contrasts. Food is scarce but coarsely baked bread—good but tiresomely cheap. On the other hand, there is a flourishing black market in Kampitz despite daily attempts by Russian and Austrian police to stamp it out.

OCEAN CITY, Md., June 25. (P) Although concessionaires and visitors in this Maryland shore resort agreed today that the business of the last month was nothing like the former years, there seemed little prospect of accommodations during July and August for latecomers. A check of rooming and apartment houses, hotels and cottages showed that most of the available space has been reserved or is expected to be shortly.

**Deputy Is Wounded**

T-5 George Deputy, son of G. Deputy, Hughes street, Keyser, Va., was shot in the ribs in action and is now hospitalized in Austin according to word received by his father. Deputy has been in the service four years.

Bratcher, whose band formed in 1966, beat it out for jitterbugs at the Washington hotel, will report to the United States deputy marshal at Alexandria, and will be taken to the federal reformatory at Petersburg, Va.

The United States district court at Alexandria found that Bratcher used benzadrine to raise his blood pressure in an effort to escape military service. In addition to the four-year sentence, he was fined \$5,000.

West Side firemen were called to the home of Mrs. Althea C. Kuyk, 615 Washington street, where a lightning struck a flue of the house during the first storm. However, firemen said there was no damage except to the flue and that a bolt of electricity did not cause the fire.

The signal device for the station went out of operation.

## In Memoriam

In loving memory of our beloved son  
and brother and husband, Samuel D.  
Mayer, Jr., who died four years ago, June  
26, 1941.

The blow was hard, the shock severe,  
We never thought his death so near.  
Only those who have lost can tell  
The pain of parting without farewell.

God knows how much we miss him,  
Never shall his memory fade.  
Loving thoughts shall ever wander,  
To the spot where he is laid.

Sadly missed by  
MOTHER AND FATHER,  
WIFE AND SONS,  
SISTER AND BROTHER.
